

Motorola V300 Body Worn Camera

Westwood Police Department is announcing the implementation of body worn cameras (BWC). All officers have been trained on the operation of the Motorola V300 BWC system. The camera will be positioned on the upper portion of the officers' outer vest or on the front belt area for detectives. The operation of the BWC is in accordance with state law, The New Jersey Attorney General's Directive, Bergen County Prosecutor's Office and the Westwood Police Department body worn camera policy.
